

Please apply at UPS OnLine Tools to use UPS real-time shipping rate service.

1. Browse to http://www.ups.com/e_comm_access/toolintro?loc=en_US. Then, click "Get Tools" in the right-hand side box.
- 2.

The screenshot shows the UPS website's "Support" section for "UPS OnLine Tools". The page is titled "United States" and has a navigation bar with "My UPS", "Shipping", "Tracking", "Freight", "Locations", "Support", and "Business Solutions". The "Support" menu is expanded, showing "Get Tools" highlighted with a red box. The main content area is titled "UPS OnLine Tools" and contains several sections: "Learn more about UPS OnLine Tools" with links to "The Tools", "Frequently Asked Questions", "Get Tools" (highlighted with a red box), and "Customer Support"; "WITH UPS ONLINE TOOLS, YOU CAN:" with sub-sections for "Improve Customer Service", "Add Web Site Functionality", "Increase Time on Your Site", "Reduce Costs", "Give Customers Peace of Mind", and "Empower Buyers"; and "Returning Customers" with links to "Log In" and "Get Access Key".

2. If you have not registered yet, please click the "Register" link.
3. Follow the on-screen instructions. Once the registration is done, you will get a Developer's Key sent to your email
4. Go back to the "Get Tools" page, then Click "Get Access Key".

The screenshot shows the "Get UPS OnLine Tools" registration progress page. The page is titled "United States" and has a navigation bar with "My UPS", "Shipping", "Tracking", "Freight", "Locations", "Support", and "Business Solutions". The "Support" menu is expanded, showing "Get Tools" highlighted with a red box. The main content area is titled "Get UPS OnLine Tools" and contains a progress bar with three steps: "Choose Tool", "Get License", and "Download Access Key". Below the progress bar is a section titled "Choose Your UPS OnLine Tool" with a welcome message and a description of the tools. The "Returning Customers" section has links to "Get Access Key" (highlighted with a red box), "Resend Developer's Key", and "Tool Updates".

5. Click "Get XML Access Key".

The screenshot shows the UPS website's 'Get UPS OnLine Tools' page. The top navigation bar includes 'United States', 'My UPS', 'Shipping', 'Tracking', 'Freight', 'Locations', 'Support', and 'Business Solutions'. A progress bar indicates the current step is 'Download Access Key'. The main content area is titled 'Get Access Key' and explains that an Access Key provides access to UPS systems. A red box highlights the link 'Get XML Access Key' in the 'Returning Customers' section. Other links include 'Get Access Key', 'Resend Developer's Key', and 'Tool Updates'. A sidebar on the left contains a 'Support' menu and a 'Looking to switch?' banner with an 'Open an account now' button.

6. Enter the Developer's Key in the text box and click "Submit" to get the XML Access Key.

This screenshot shows the same 'Get UPS OnLine Tools' page, but with the 'Developer's Key' section expanded. It contains a text input field for the 'Developer's Key' and a 'Submit' button. The text explains that a Developer's Key is required to furnish an XML Access Key and provides a link to 'your email address' if forgotten. A 'Please Note' section states that for UPS Premium Tools, approval is required before requesting an XML Access Key. A 'Register' link is provided for users who do not have a Developer's Key. The progress bar and other navigation elements remain the same as in the previous screenshot.
